

ChessCoding.Ai K-12 AI bootcamps for Teens At/Near MIT Campus Weekends during 2026 & Online & Summer camp

An AI coding bootcamp
for teens
focused on readiness in
an AI-driven world

- Based on European Union funded youth AI curriculum, shatranj.ai
- Taught by former first board player of MIT's chess Team, MIT EECS Alumnus, successful children's chess coach, and Tedx Speaker, FIDE Master and FIDE Trainer Tamer Karatekin
- 4-day intensive AI coding bootcamps for ages 11-18
- For more info on our education philosophy watch our Tedx talk: "Bridging Cultures, Inspiring AI, and Redefining Education"
